

Muhammad Ismail

ML/DL Engineer | Computer Vision | Data Scientist

muhammadismail0140@gmail.com | +92 343 0140312 | [linkedin](#) | [GitHub](#)

PROFESSIONAL SUMMARY

AI and Machine Learning enthusiast with experience in Deep Learning, Computer Vision, and Data Science. Skilled in building real-time intelligent systems such as YOLOv8-based object detection and end-to-end ML pipelines. Proficient in Python, SQL, and data analysis, with exposure to Large Language Models (LLMs) and Retrieval-Augmented Generation (RAG) systems. Passionate about developing and deploying AI solutions from data preprocessing to production environments.

Education

Bachelor of Science in Computer Science (BSCS)

Sept 2023 – In Progress

University of Engineering and Technology (UET) Mardan, Pakistan Specialization in data Science

Work Experience

Self-Initiated / Academic Projects

2025 – Present

- Worked with **Pandas, NumPy, and Scikit-learn** for data analysis, preprocessing, and ML model building.
- Built small-scale ML models to understand **supervised and unsupervised learning** concepts.
- Developed **regression and classification models** achieving good accuracy on datasets.
- Explored **Deep Learning and Computer Vision** concepts through hands-on projects.
- Developed a **real-time object detection system using YOLOv8** with sound alert functionality.
- Built and optimized an **end-to-end ML pipeline** including data preprocessing, training, and evaluation.
- Deployed ML models using **Flask APIs** and created interactive applications with **Streamlit** for visualization.
- Built and deployed advanced AI systems using **Docker**, and developed **RAG systems integrated with Hugging Face models**.

SKILLS

- **Programming Languages:** Python, SQL
- **Machine Learning / AI:** Machine Learning, Deep Learning, Computer Vision, NLP, RAG Systems
- **Frameworks & Libraries:** Scikit-learn, Pandas, NumPy, OpenCV, TensorFlow / PyTorch, Hugging Face
- **Web & Deployment:** Flask, Streamlit, REST APIs, Docker
- **Tools & Platforms:** Git, GitHub, Jupyter Notebook
- **Other Skills:** Data Analysis, Model Training, Model Deployment, Problem Solving

CERTIFICATIONS

Python Programming Certificate – Skill Course

(Feb 2026)

AI/ML – Khyber Pakhtunkhwa Information Technology Board (KPITB)

(Apr 2026)

Soft Skills

Problem-solving, Analytical thinking, Teamwork, Effective communication, Adaptability, Time management.
